Who We Are

Since 2018, PaaPi Creations has manufactured corporate, promotional, sports and institutional apparel for 500+ businesses across 30+ industries throughout India — factory-direct, from our own facility in Tiruppur, Tamil Nadu, India's largest knitwear export hub.

Tiruppur Manufacturing Facility

Every order is manufactured in-house — cutting, stitching, printing, embroidery, quality control, packing and dispatch all happen under one roof, rather than being outsourced to third parties. This is what makes consistent quality and factory-direct pricing possible on bulk orders.

Why Businesses Choose PaaPi Creations

- Factory-direct pricing — no middleman markup
- MOQ from 100 pieces per design/colour
- Sample approved before every bulk production run
- GST-registered and Udyam/MSME-registered for vendor onboarding
- Tracked, pan-India dispatch on every order

Factory & Manufacturing Capacity

Our Tiruppur facility manages every stage of production in-house, helping maintain consistent quality and turnaround across bulk orders — from 100-piece requirements to large-scale campaigns.

● **Cutting**

Cut to pattern, checked against size specs before stitching.

● **Stitching**

Skilled operators assemble each garment with in-line checks.

● **Printing**

Screen, DTF, DTG, sublimation and embroidery — all in-house.

● **Quality Control**

3-stage inspection — fabric, in-process, and final.

● **Packing**

Folded, tagged, packed to spec, and tracked pan-India.

Printing & Branding Methods

Standard bulk MOQ: 100 pieces per design/colour

Method	Best For	Finish	Ideal Artwork
Embroidery	Corporate Polos	Premium	Logos / Names
Screen Printing	Bulk Promotions	Durable	Simple / Spot Colours
DTF	Detailed Artwork	Vibrant	Multicolour Logos
DTG	Photo-Realistic Prints	Detailed	Complex / Gradient Artwork
Sublimation	Sportswear	Full Colour	All-Over Designs

Fabrics We Work With

Fabric	GSM & Use Case
Cotton	180–220 GSM · Corporate / event wear
Dry Fit (Polyester)	140–180 GSM · Sports / field wear
Pique	180–220 GSM · Polo / corporate wear
Poly-Cotton Blend	190–240 GSM · Uniforms

Quality & Order Assurance

Every order moves through the same inspection sequence:

1 Fabric Inspection

Checked against the approved specification before cutting.

2 GSM & Colour Check

Weight and shade verified against the approved sample.

3 Measurement

Panels checked against size specification before stitching.

4 Stitching

Skilled operators assemble each garment with in-line checks.

5 Printing / Embroidery

Branding applied and checked against approved artwork.

6 Final Inspection & Packing

A last full check before every order is packed.

Quality & Order Assurance Includes

- Size-wise production
- Branding / printing to approved artwork
- Quality inspection
- Final quantity verification
- Professional packing
- Dispatch coordination
- GST invoice
- Order documentation
